

# H 408

# HUMIDIFIER

## Product data sheet

Product range	humidifiers
Brand name	Qlima
Model	H 408
Colour	white
EAN code	8713508772967

## Technical specifications

Water evaporation	L/h - L/day	7.5
Continuous operation *	h.	18 - 24
Power consumption cool mist	W	23
Mains voltage	V / Hz / Ph	220-240 / 50-60 / 1
Amperage cool mist	A	0.19
For rooms up to *	m <sup>3</sup>	100
Capacity water container	L	5.6
Operating range*	oC / RH	5 - 40 / 40 - 70%
Sound pressure level	dB(A)	42
Evaporation system	Ultrasonic (cool mist)	
Control	Electronic	
Adjustable evaporation	Yes	
Water softener included	no	
Dimensions (w x d x h)	mm	182 x 259 x 328
Nett. Weight (individual)	kg	2.3
Number of units in master-carton	4	
Power cord	m	1.8
Protection class	IP	X0
Guarantee	years	2

\* To be used as indication, depending on room temperature & relative humidity

# H 408 HUMIDIFIER

*Ultrasonic technology: low energy consumption*

*Extremely quiet operation*

*Large removable water container*

## Features

---

### **Ultrasonic technology:**

Due to the use of ultrasonic technology the energy consumption of the unit in cool mist mode is low.

---

### **Water softener Available (NOT included):**

Reduces calcium and magnesium deposits in the unit. Since the evaporated mist contains less calcium and magnesium white coating on and around the unit will be reduced.

---

### **Stylish design:**

The outlook of this unit with white skin combined with blue display gives the unit a high-end futuristic look.

---

### **Quiet operation:**

The H 408 works with an extremely low noise level, comparable with whispering level. The only thing you here is the tranquilizing sound of the bubbling of water every now and than.

---

### **Controllable humidity capacity:**

The required moisture output can be adjusted by means of a button, 3 mist capacities can be selected.

---

### **Hygostat:**

The required humidity can be selected by the hygostat button. Humidity can be set between 40 and 80% in steps of 5%.

---

### **Large water container capacity:**

The H 408 is equipped with a large 5.6 liter water container. Due to the larger size of the water container the unit can operate for at least 18 hours continuously, without water refill.

---

### **Rotatable top cap:**

The unit is provided with a rotatable top cap, introducing a 360° selectable moisture flow outlet direction.

---

### **Refill indication:**

When the unit needs to be refilled this is indicated on the display and by means of an alarm sound.

---

### **Cool mist:**

The moisture generation is done by cool mist. Cool mist gives good capacity and the energy consumption is lowest.

---

### **Safety device:**

When the water container is empty, the unit switches off automatically.

---

### **Full colour box:**

The unit is delivered in a stylish full colour box showing application and operation information in multiple languages.

---

### **Note:**

*The H 408 has to be cleaned periodically to avoid damage by scaling. Use the same agent as for your coffee machine.*
