# D 630 P DEHUMIDIFIER

*Extremely quiet*

*Integrated permanent water drainage pump*

*Timer (24 hours)*

*Hygrometer*

*Digital display*

## Features

---

### **Very stylish exclusive Qlima Design:**

This dehumidifier is part of an exclusive range of Qlima design dehumidifiers. The glossy white colour together with the colourful blue indication ring presents this model as a revelation in high end aesthetics on household dehumidifiers.

---

### **Extremely quiet:**

In HIGH fan mode: the sound produced by this dehumidifier is so low you will hardly hear it, when using it in a normal living room. The sound produced is whispering quiet. This dehumidifier surely is one of the most silent dehumidifiers available in the market today

---

### **Moving louver outlet:**

The air outlet is positioned at the top side and is provided with an up/down automatically moving (swinging) louver. This will enable the unit to evenly blow the dried air into the room. It makes the dehumidifier extremely suitable to evenly dry laundry. This "swing" function can be switched on or off by the end-user

---

### **Hygrostat:**

The humidity can be regulated via an adjustable hygrostat.

---

### **Hygrometer:**

The unit is equipped with a hygrometer which indicates the relative humidity in the room.

---

### **Permanent water drainage pump:**

An integrated pump allows the unit to function autonomously and without user intervention for long periods of time. Thanks to the pump you can have a 5 m of difference in height discharge. If done correctly it will prevent the need for emptying the water container manually.

---

### **Large size water tank:**

For ease of use for the end-user this dehumidifier has an extremely large capacity of watertank of 6 liters. With this giant size of water tank the frequency of having to empty the tank is significantly reduced.

---

### **Removable water container:**

The water container can easily be removed from the back of the unit.

---

### **Cover of water container:**

To prevent the unwished splashing of water by the end-user while taking out the container and transporting the container to the drain: the water container is equipped with a cover.

---

### **Automatic switch off:**

When the water container is full, a red LED will light up together with a short acoustical signal. The dehumidifier will automatically switch off.

---

### **Fan speed:**

A single-speed high-capacity radial fan for quiet and efficient operation.

---

### **Electronic display:**

The unit is equipped with an electronic display (LED).

---

### **Power cord storage:**

The dehumidifier is provided with an easy to use power cord storage possibility.

---

### **24 hour timer:**

The unit is equipped with a timer function which can switch off the unit after 1-24 hours.

---

### **Convenience easy to move:**

The unit is equipped with top handle at the top back of the unit. For even more ease of use this dehumidifier is equipped with castors (wheels).

---

### **Compressor:**

The dehumidifier has a silent rotary compressor.

---

### **Defrost function:**

The unit is equipped with an intelligent defrost system for use in lower temperatures.

---

### **Full colour box:**

The unit is delivered in a stylish full colour box showing application and operation information in multiple languages.

---
